SEVENTEENTH YEAR.

EARLINGTON, HOPKINS COUNTY, KY., THURSDAY, MAY 31, 1906.

No. 22

A WEEK OF FESTIVITIES.

The Programme for "Kentucky Home Coming" at Louisville the

MOST ELABORATE THING OF THE KIND EVER ATTEMPTED.

Louisville, where "Home Coming Week" for Kentuckians is to be given, June 13-17, is preparing to cover itself with glory in the programme of amusement and entertainment provided for its many thousand guests.

The event begins on Wednesday, June 13, with a big reception and welcoming at the new Armory, built at a cost of nearly half a million dollars, and which is the second largest building of the kind in the country. Mr. H. C. Wadsworth, editor of the "Courier-Journal;" Hon. J. C. W. Beckham, Governor of Kentucky, and Hon. Paul C. Barth, Mayor of Louisville, will deliver the addresses of welcome, and they will be responded to by the Hon. David R. Francis, of St. Louis. Immediately following there will be a pretty ceremony, in which Miss Louise Lee Hardin, of Denver, Col., the young lady who suggested "Home Coming Week for Kentuckians," will be decorated with a handsome medal.

At 3 o'clock there will be a handsome floral parade of eight divisions, devoted to automobiles, open carriages, trap tandem, tail wagons, four-in-hand and floats, together with an exhibition of fire fighting apparatus of ante-bellum days and of the present period. The floral parade will close with the crowning of the queen.

At night there will be a big Philharmonic concert in the Armory.

Thursday will be known as Stephen Collins Foster Day, opening with the unveiling in the new Armory of a statue of Stephen Collins Foster, who wrote "My Old Kentucky Home," erected out of subscription from the school children of Kentucky, and ultimately to be placed in the new capital, in course of construction at Frankfort. The statue will be made by the Hon. Sidney P. Redding, of Little Rock, Ark., and the Hon. R. W. Miller, of Richmond, Ky. Songs written by Foster will be sung by a chorus of one thousand school children. The statue will be unveiled by Mrs. Marian Foster Welsh, of Allegheny, Pa., only daughter of Foster.

Friday will be called Daniel Boone day. It will witness another statue unveiling—that of Daniel Boone. This ceremony will be in Cherokee Park, where the statue has been permanently placed. Following the unveiling ceremonies, there will be a reproduction of an Indian attack at Fort Boonesboro, one of the spectacles of "Home Coming Week." The day will close with old-fashioned dances on a specially-arranged dance floor over the tennis courts of the park.

At night a pageant, somewhat along the lines of those of the Veiled Prophet at St. Louis, and during Mardi Gras at New Orleans, will present to the visitors in a series of fourteen floats the epochs of Kentucky history. The pageant will end at the Armory, where Daniel Boone will be escorted to the ball room floor and welcomed by a queen and court, typifying a reception of "Old Kaintuck" by the "New Kentucky." This ball will be the largest function of the kind ever given in the South.

On Greater Kentucky Day—Saturday, June 16—the programme will be divided between Frankfort, the capital of the State, and Louisville. At noon, at Frankfort, the corner-stone of the new capitol will be laid. All living ex-Governors of Kentucky will participate with Gov. J. C. W. Beckham in these ceremonies. The other exercises will be held in Louisville.

There will be a reception at 3:30 o'clock in Central Park to all visitors, given in honor of distinguished ex-Kentuckians present. This will be followed by ceremonies in the same park over the Lincoln Birthplace

Cabin, which has been kindly loaned to the "Home Coming Week" Association by its New York owners. Addresses will be made by the Hon. Adlai Stevenson, Illinois, and Mr. Henry Watterson. The cabin will be exhibited throughout the week at Central Park. It will be exhibited along the entire route from New York. In the evening there will be a rally of Kentucky societies of other States in the new Armory.

The closing day will be known as "Till We Meet Again." All of the pulpits of Louisville's churches will be filled in the morning by visiting ministers, and in the afternoon there will be children's services in Central Park, Cherokee Park and Shawnee Park. At night there will be vesper services in the Armory, and addresses by distinguished sons of Kentucky.

STATE GUARD ENCAMPMENT WILL BE HELD IN AUGUST.

Adjutant General Ready to Receive Proposals for Event—First Regiment May Camp with Regulars.

Frankfort, Ky., May 28.—Adjt. Gen. Henry Lawrence is ready to receive propositions from cities and towns of the State which desire the location of the annual camp of the Kentucky State Guard for this summer. This camp will be held in August for thirty days, and will be most satisfactory proposition. The camp of last year was held at Paducah, and may be held this year at some point in the vicinity of the State. Frankfort, Lexington and several other cities will make offers for the location of the camp.

The proposition of the national Government to have the State troops camp this year with the regulars, has been submitted to the several regiments of the Guard. Officers of the First regiment have expressed a desire to join the regulars at the Indiana camp, and this may be done, allowing the other two regiments to go into State camp of instruction.

NEW FLOUR MILL

For Hopkinsville—Capital, \$50,000.

A new milling company has been incorporated under the name of the Climax Milling Co., with a capital stock of \$50,000, which is divided into 500 shares of \$100 each.

The incorporators are M. L. Elb, J. T. Hanberry, W. T. Cooper, R. A. Rogers, T. J. Tate, R. K. Ward, G. L. Campbell and James West. Some of the directors are now in control of the new company, president, business manager, secretary and treasurer are to be elected by the board of directors.

The mill, which will probably be located on the Illinois Central railroad, will have a daily capacity of 350 barrels of flour. It is understood that Ross Rogers will be business manager.

THIRD KENTUCKY OFFICERS

Will Meet in Hopkinsville June 5.

All the officers of the Third Kentucky infantry will hold an important meeting in Hopkinsville June 5, at 10 a. m.

The local officers look forward with much interest to the coming meeting and will arrange to make everything as pleasant as possible for the visiting soldiers.

The officers will meet at Hotel Lathan, and there will probably be a banquet that night.

The intentions of the meeting will not be given out just at present, as the exact routine of the meeting is not yet fully decided on.

Tobacco 100 Years Old Found in Wall of House.

Two twists of tobacco and a book on birds that were wrapped in papers and dated 1806, were found between the plastering and weather boarding on the farm of West Lowe, near Bowling Green. The tobacco is therefore 100 years old at least. It will be sent to Louisville for the Home Coming week.

HONOR ROLL

Of the Earlinton Public Graded School.

PUPILS DID GOOD WORK.

Following are the names of pupils whose average was above ninety in final examination held last week:

Tenth Grade.

Ermine Cox.
Richie Stone.
Marjorie Whitfield.

Ninth Grade.

Sibyl Ashby.
Ida Croft.
Miller Evans.
Martha McGary.
Roy Peyton.
Pansy Rule.
Della Salmon.
Ada Toombs.
Ruth Wyatt.

Eighth Grade.

Anna Deal Bramwell.
Mabel Browning.
Irene Coyle.
Hazel Fawcett.
Eleanor De Gordon.
Virginia McGary.
Lea Salmon.

Seventh Grade.

George Arnold.
Ruth Croft.
Roy Davis.
Eunice Draper.
Lucy Fawcett.
Goldie Henify.
Elizabeth Kemp.
Zilph Morehead.
Gertie O'Bannon.
Clay Stokes.
Essie Trent.

Sixth Grade.

Nora Burdon.
Doris Danner.
Janie Draper.
Fannie Ezzell.
Baker Fugate.
Mollie Henify.
Edna Jackson.
Margaret Kemp.
Kathy O'Bannon.
Arva Rea.
Bradley Stone.
Goldie Salmon.
Harold Toombs.
Newman Whitford.

Fifth Grade.

Paul Pilkington.
John A. Moore.
Ben Evans.
Osie Cavahan.
Mattie Davis.
Ruby Peyton.
Ruby Crot.
Dale Clements.
Lucy Buntin.
Omer Wyatt.
Odele Sise.
Maylene Larmouth.
Nellie Coyle.
Hallie Outis.
Agnes Lynn.
Edgar Arnold.
Carrie Baldwin.

Fourth Grade.

Corinne Ashby.
Margaret Atkinson.
Elma Carr.
Elizabeth Corey.
Janie Fawcett.
Laura Fenwick.
Randolph Gordon.
Clyde Hamby.
John Hodge.
Sallie Henify.
Aigernon Moore.
Aloysius Morgan.
Ethel Oldham.
Lucie Vinson.
Audrey Wyatt.

Third Grade.

Other Adecock.
Ruby Ashby.
Ina Baldwin.
Thomas Black.
Herbert Brinkley.
John Brown.
Marie Brown.
Pearl Cavanaugh.
Monroe Craig.
Wilie Ezell.
Artie Favor.
Roy Faver.
Cannie Fox.
Anna Henify.
Anne Hedge.
Lucy Laffoon.
Raymond Lynn.
Pansy Meyers.
Verna Miller.
Verner Morgan.
Fern Nichols.
Earle O'Bannon.
Manuel Oldham.
May Oldham.
Mon Oldham.
Waverly Owen.
Georgia Padgett.

Eliza Peyton.
Emma Lee Roberts.
Owen Shaver.
Fairy Shaw.
Fern Stokes.
Walter Wendelen.
Lake Wilkins.

Second Grade.

Howard Arnold.
Theresa Black.
Henry Clark.
Carl Davenport.
Tommy Dexter.
Rex Hamby.
Charlie Hodge.
Eddie McGregor.
Paul Moore.

George Oldham.
Ethel Peyton.
Otto Smiley.
Roy Swann.
Doris Shaver.
Carl Umstead.
Gladys Walker.
Isabel Wilson.
Willie Ward.
Delbert Wilkins.

First Grade.

Janie Blackwell.
Edward Brown.
Sarah Crutchfield.
Lily Craig.
Hugh Cannon.
Mabel Critts.
Vertie Cooksey.
Hubson Davis.
Lonie Doshon.
Allene Fox.
Earle Hawkins.
Mary Herndon.
Horstene Logan.
Rowan Morris.
Edna Nunley.
Alice Orr.
Ruth Owen.
Mamie Owen.
William Robinson.
Paul Stone.
Malcolm Stokes.
Lucile Thomas.
Geraldine Whitford.
Anna West.

A Pleasant Outing.

The Girls' Outing Club, which was recently organized, and is composed of twenty-two bright young Earlinton girls, gave their first picnic at the park Saturday. The boy friends of the set were invited and together the day was delightfully spent by the happy young people just out of school. Besides the club were Mr. and Mrs. J. E. Fawcett, Mrs. Stella M. Kemp, Misses Lizzie Dean and Nellie Carlis; and Bryan Hopper, who looked after the substantial part which they were convinced was of no little importance, as the hungry girls and boys gathered around the festive board at the noon hour and eagerly devoured the many good things spread before them.

The afternoon was spent in playing games and in boat rides furnished by Bryan Hopper in his lovely canoe and by George Farnsworth in his gasoline launch which is a thing of beauty as she glides over the placid bosom of Loch Mary.

The grown people whiled away the hours most pleasantly fishing.

The fragments of the feast were disposed of at the twilight hours and the party returned home with pleasant memories of the day.

Reception at Oakmoor.

Mrs. Paul M. Moore was host at a most attractive reception at Oakmoor last Friday afternoon given in compliment to her guest, Miss Charlotte Black, of New Jersey. The drawing room and library were fragrant and lovely with the profuse decorations of pink and red roses grown in Oakmoor garden. The dining room was charmingly decorated with American Beauty roses. Misses Elizabeth Victory and Celeste Moore served the tea and coffee from the dining table with the dainty three course luncheon.

A large number of Madisonville and Earlinton ladies were present.

Mrs. Moore was assisted in receiving by Mrs. Jno. B. Atkinson and Miss Black.

Children's Day at Christian Church.

The Sunday school of the Christian Church will observe Children's Day next Sunday night. A pleasing program is being prepared by the children, and a good time is in store for all. The church will be decorated with flowers. The school extends a cordial invitation to all its friends to be present and enjoy this festive occasion.

PHILIPPINE MONEY WORRIES UNCLE SAM.

"Little Brown Brother" Doesn't Care, but Silver Dollars Are Exported.

MAPLE SUGAR INDUSTRY TRANS-PLANTING TO SWITZERLAND.

Can the Government Compete with Contractors in building Ships, etc.

Washington, May 28. (Special.)—Whatever the general belief concerning the policy which added to the territory of this country the Philippine Islands, one thing is certain, and that is having gotten them we find them very handy for experiments. The echoes of the struggle of the country over the ratio of coinage are hardly dead, and nearly every one comes onward with a new scheme to provide for a more elastic currency, and though all have impracticable, or at least, not sufficiently proven to try on this country, Uncle Sam is now about to attempt a readjustment of rates of the Philippine coinage, to say nothing of establishing a more elastic currency. It won't matter much to the "little brown brothers," for, aside from having any money, he generally lacks a pocket to put it in. All ratios look alike to him; the only way in which elasticity can appeal to his dusky soul is by stretching out his income. As a matter of fact, the readjustment is not to be undertaken so much in behalf of the country as to protect the government from loss through the exportation of the silver peso or dollar from the archipelago. The great trouble at present is due to the fact that that coin, while having a purchasing power of fifty cents, contains fifty two and one-half cents worth of bullion. Very naturally it is expected, and Uncle Sam loses two and one-half cents on each one. The readjustment will give a long-sought opening to amateur financiers all over the country, and it is expected that something like a million suggestions will be received by the Secretary of War, under whose supervision the work will be carried on.

The call which Senator Aldrich, Republican leader of the Senate, made at the White House this week is taken to be significant in many ways. It is the first which he has made since the bill came into the Senate, and shows that although generally referred to as the chief opponent of President Roosevelt in the rate fight, he has not let the President's victory rankle. The President got what he wanted, in the shape of effective legislation, and announced himself as satisfied. Contrariwise, Mr. Aldrich didn't get all that he was after, and consequently didn't do any announcing. There was some fear that the Rhode Islander, dissatisfied with the result, might stir up trouble in the Republican ranks, where he is a power, but his call at the White House was quiet enough.

It is understood that Mr. Aldrich will support Mr. Roosevelt's presidential candidate, even though that candidate be such a Rooseveltian as Mr. Taft, of whom it is now whispered that the White House and not the Supreme Court bench will be his next field of activity.

The United States is about to see another of its pet industries taken up by a foreign country, according to the Department of nothing less, indeed, than the production of maple sugar. "Sugaring off," among the Alps may sound a bit fantastic, but this is just what will take place if experiments now being carried on in Switzerland succeed. Some months ago 300 sugar maples were imported by that country from New England, and although half of them died from poor shipment and lack of proper care, the other half are now flourishing, with the result that large plantings are contemplated in the immediate future. The re-

A GOOD SHOW.

"A Country School Marm" Presented at Olympic Theater.

The following is from the Green River News:

"A Country School Marm" presented at the Opera house Friday night by a company composed of young ladies and gentlemen, from Earlinton, Ky., afforded a couple of hours of the most pleasant recreation.

The play which was quite an interesting comedy drama, with just enough tragedy, meshed little exciting, was well done, each character being portrayed with a realism so true to life, as to at once demonstrate the former an amateur of far more than ordinary ability.

Each member of the company composed of fifteen or twenty people, did his part well, and, if with our humble ability to criticise dramatic performance, we should attempt to name those who played their parts exceedingly well, as all would concurred, we should begin with the leading lady, Miss Sue Ford, who represented the "Country School Marm"; then should follow in regular order, the arrangement of the play brought them before the footlights. Misses Shelby Wise, Minnie Fenwick, Celeste Moore, Mrs. Frances Kline and Messrs. Fred Ashby, Robt. L. Fenwick, J. L. Strother Hancock, Dr. C. B. Johnson, Chas. Trumpey and Arden Livingston.

While we cheerfully commend the above named ladies and gentlemen, for good work as the dramatis personae, at the same time, we should state that the quartet composed of Messrs. Leonard Goodloe, George Robinson, Nick A. Herb and Leonard Huff, were generously applauded and called back for the third performance by the audience.

And last, but by no means least, except in years and stature, we should like to commend most sincerely the work of little Miss F. Layne, in her song specialties, as constituting a splendid feature of the entertainment.

The entire company of refined and cultured young ladies, and intelligent, and gentlemanly young men, won the highest esteem of those who came in contact with them, either as patrons of the entertainment or in social intercourse on the streets.

The only regret expressed, is that owing to some confusion, caused by the management canceling the date at one time, counter attractions had been arranged, by a number of our young people, which could not be changed and the attendance on this account was much smaller than it otherwise would have been.

Dr. C. B. Johnson and Col. Arden Livingston, who had the management in charge, especially impressed our people very favorably for the business like and professional manner, in which everything connected with their visit here was attended to.

Alves-Waller.

The marriage of Lewis Armstrong Waller, of Madisonville, and Miss Laura Alves, of Henderson, was solemnized Tuesday at the home of the bride's father, John W. Alves, in Henderson. Several of the relatives of the groom attended the ceremony which was observed as a quiet home wedding.

The service was said by Rev. R. E. C. Lawson.

Immediately after the ceremony the newly married couple left for a short ride tour, after which they will return to Madisonville, where they will make their future home.

The groom is one of Madisonville's most progressive and enterprising business men, being a member of the lumber firm of Clegg & Waller.

Miss Alves stands high in the social circles at Henderson and is a charming young woman of many accomplishments who will be a great adjunct to the social life of Madisonville.

The two faced man never had more than half an outlook.

It Pays to Advertise.

SHORT LOCALS

LOST—Somewhere on the streets of Earlinton a large pearl pin containing about 56 pearls. Finder will receive reward by returning to Miss Elizabeth Victory.

Mrs. Lem Owens, who has been ill, is much better.

Mrs. Pauline Jones is recovering from a severe attack of pneumonia.

How Are Your Knees?
Hoka Stomach Pills are available at the S. & J. Druggists' Pharmacy, 600 Madison Street.

Mrs. Ed. Rule, who was quite ill this week, is much improved.

Zen. Manager. Stars passed through here yesterday on 52 in his private car.

The dance at the arnon Tuesday night was largely attended and enjoyed by all.

C. TRUMEMY will save you money on a watch. See him before buying elsewhere. At W. C. McLeod's.

Mrs. Mamie Ford, who has been on the sick list for sometime, is reported as improving slowly.

Mr. and Mrs. H. J. Lynn have moved to Wheatenroft, where they will make their future home.

How about fixing that clock? Will fix it so it will keep correct time. C. TRUMEMY at W. C. McLeod's.

Eld. Wise has given his cottage on East Main street a new coat of paint which adds to its neat appearance.

C. W. Evans, who is employed by the L. & N. R. R., has removed his family to this place from Birmingham, Ala.

Born, to Rev. and Mrs. G. W. Dame, on Friday, a girl baby weighing 10 lbs. Mother and child doing well.

Overcoat weather was with us this week. The cold was general, but not severe. Snow fell in St. Louis Monday morning.

Several Madisonville young people attended the dance given by some of the young men last Earlinton.

Mr. and Mrs. Chas. McGary, Mr. and Mrs. Will Bramwell, Mr. and Mrs. W. L. Gordon and Miss Annie Moore picnicked at the park last Saturday.

The Earlinton Public School closed last Friday after a most successful year's work. The election of teachers for next year will take place soon.

Perhaps that old ring you have put away needs a nice set in it. Bring it to me. Will make it look like new.

C. TRUMEMY at W. C. McLeod's.

Dr. A. B. Hardin, of Mortons Gap, purchased this week a Warner piano from the Harding Miller Music Co. Dr. Hardin is well pleased with his purchase.

Messmates Chas. Osborn and Horace Holman, of Madisonville, and Mrs. Nellie Holman and little daughter, of Dawson, visited friends here Monday afternoon.

Important Notice R. 4-11-44 is sent to all miners working by St. Bernard Mining Co. to cure chicken cholera, rölp and lumber neck. Price, 50c. No cure, no pay.

The date of the entertainment to be given by St. Bernard School at Temple Theatre on June 21 has been changed to June 19, so as to not conflict with the Home Coming celebration.

Misses Sue Foard and Mabel Gough, Messrs. Lee Withers and Henry Martin made a pleasant trip to Madisonville on Monday. The party was chaperoned by Mr. Chas. Martin.

The railroad surveying party encamped in the grove across from the arboretum entertained some young people of Earlinton at dinner Tuesday evening. A most delightful time was reported.

Notice to Chicken Raisers: R. 4-14-44 cure chicken cholera and lumber neck. Price, 50c. No cure, no pay. Sold under a guarantee by ST. BERNARD MINING CO., Earlinton.

Eldred Davis has accepted a position with the Earlinton Bee and will look after the local and of course work of the Bee. He has no news of any kind will confer a favor by reporting same to Eldred.

The manager of the Madisonville green house, C. A. Morris, has decided to close the establishment on Sunday evenings. This will be a resort for many who will regret to hear the green house will admit no more Sunday visitors.

Prof. Rubens has been re-elected superintendent of the Madisonville graded school and Prof. Utley, principal of the High School, has been elected to the teacher's board. A number of other teachers have not taken a paper but it is understood that most of the last year's teachers will be retained.

The protracted meeting in progress at the Missionary Baptist Church is continuing to draw large crowds. Rev. A. B. Gardner, who is assisting Rev. C. S. Gregson in these meetings, has returned from Hartford, where he was called Saturday on business.

One of the advanced classes of the Second Baptist Sunday School gave a barbecue picnic at Lakeside park Wednesday. There were 24 in the party, headed by the teacher, Mr. Joel Bailey. A most enjoyable day was spent and the picnic was voted a success by all.

Quite a number of Knights Templars of this city attended the annual service at the Christian Center, Madisonville, this morning at 11 o'clock. The sermon was preached by Rev. S. F. Fowler and the services were most interesting, the music being a special feature.

Double Daily Service to Mexico.

Over 19 hours saved from St. Louis to City of Mexico via the shortest and quickest route, the Iron Mountain and Rock Island roads through Little Rock, Texarkana, Longview, San Antonio and Laredo. Through Pullman sleepers from St. Louis 22½ p.m. and 8:20 a.m. daily. El Paso, Dallas, Fort Worth, etc. Prices, Ticket Agent or address R. T. G. Mathews, T. P. A., Iron Mountain Route, 301 Norton Building, Louisville, Kentucky.

About 30 members of the I. O. O. F. and A. O. U. W. lodges assembled at their lodge room Sunday afternoon and marched to Earlinton cemetery, where the graves of departed members were decorated in an impressive manner. A large crowd witnessed the exercises of the hour.

An enterprising Barber of this county advertised himself as a specialist on blocking hair, the celebrated country boy's haircut, metropolitan air and shows a progressive spirit among all classes. The summer girl season is now on, and what a sight to see them in the bright warm summer days than a really metamorphosed blonde. All hall before.

Howard J. Brazelton and Mrs. S. Stevens attended the South Kentucky Convention at Murray last week and report a splendid convention. The attendance was larger than for years past and reports showed much work done. Mrs. Stevens was again made district manager for the C. W. B. M. Mr. Brazelton was selected as Second Vice President of the convention.

Did More Good Than All Other Tonics or Quinine.

When Quinine fails, try Hughes' Tonic. "Your Hughes' Tonic" did more good than all the other tonics put together. Quinine will not break the chill, but Hughes' Tonic acts like a charm." Sold by Druggists—50c and \$1.00 bottles.

"Let us Join or Quit."

(Continued)

The Planters Protective Association was said to be organized for a purpose with which the public sympathized. It was alleged that the Tobacco Trust was getting up a high hand, controlling prices to suit itself, buying and selling without competition. Farmers, we were told, had agreed to sell tobacco crops for whatever the trust chose to give, which was often less than the cost of production. On the other hand, the tobacco companies produced products which were compelled to pay any price that the trust chose to exact. Such a condition is described as intolerable, and vigorous steps have been taken to put an end to it.

Some time ago farmers who failed or refused to join the Association began to be persecuted, as "whistleblowers" and the idea was diffused that they were misdeemants of a very bad type. Warnings were sent out to those in the sale of tobacco not to anybody but the Association. Factories belonging to the trust were destroyed by fire of dynamite. The express companies, however, at first promptly disclaimed any sympathy with these lawless acts. They did not admit that they were done by members of the Association, but being assured that it was not known by whom they were perpetrated. Then Clarksville, Tennessee, was attacked and refused to handle any but Association tobacco, and refused to assent, with the result that the salesrooms were removed to Gadsden.

New news is widely diffused that in Christian County, Kentucky, and the adjoining county of Montgomery, in Tennessee, plant beds have been destroyed. An implication seems to be that these beds belong to those who are not members of the Association, and some of the members of the Association. Other cases are mentioned in which farmers have been given the choice of joining the Association or having their plant beds destroyed. This means that they can grow no tobacco this year. Stories are also circulated of night riders and stern warnings not to do business with the Association. All these acts are expressly disclaimed by the officers of the Association, and in some cases suggestions are made that they proceed from its enemies, who desire to bring it into popular disrepute.

These questions of fact will have to be settled by the usual methods of investigation, which will throw light upon them. In advance of an investigation we should not be too ready to say who is responsible. But if the facts are as represented, such cases are plain enough, and they should never be lost from sight. This is a government of law and not of men. If the associations undertake to oppress any class of citizens they are to be combated by legal methods. They are not to be driven from peaceful pursuits by force and dynamite, or by a resort to methods which the law stigmatizes as crimes.

Our laboring masses have formed organizations for the purpose of protecting their own interests. Their right to unite for this purpose is conceded, and they usually secure a right to do so in the law. But when they take the position that nobody who does not belong to their organization shall have a right to do so, they forfeit a good deal in public opinion. These organizations are to be condemned, and the right to remain out of them is as complete as the right to remain in them. Any organization of capital have come under public condemnation for the same reason. They seek to punish all who are not of them by depriving them of the means of subs-

Have You a Friend?

Then tell him about Ayer's Cherry Pectoral. Tell him how it cured your hard cough. Tell him why you always keep it in the house. Tell him to ask his doctor about it. Doctors use a great deal of it for throat and lung troubles.

I had a terrible cold and cough and was threatened with pneumonia. I tried Ayer's Cherry Pectoral and it soon took away my perturbation. It is certainly one most wonderful medicine. —H. H. M., 1424 S. 14th, Columbus, Ohio.

SKIN ERUPTIONS FOR 35 YEARS

Suffered Severely With Eczema All
Over Body—Examined 15 Times
by Government Board Who Said
There Was No Cure—An Old
Soldier Completely Cured.

A THOUSAND THANKS TO CUTICURA REMEDIES

"For over thirty-five years I was a sufferer from eczema. The eruption was not confined to any one place. It was on my face, on my body, and even on my hands. I am sixty years old and an old soldier, and have been examined by the Government Board fifteen times, and each time there was no cure for me. I have taken all kinds of medicines and have spent large sums of money for doctors, without avail. A short time ago I decided to try Cuticura Remedies, and after using two eakes of Cuticura Soap, two boxes of Cuticura Ointment, and two bottles of Cuticura Liniment, two treatments in all, I am now well and completely cured. At a thousand thanks to Cuticura. I cannot speak too highly of the Cuticura Remedies. John Ross, Rockwood, Ross Co., Ohio, July 17, 1905."

NO MORE WHISKY

Will be transported by Express Companies to Local Option Territory.

A common impression prevails that the statute against shipping whiskey into local option districts in this State does not apply to foreign shipment, for the reason that under the operation of the Interstate Commerce law it can be shipped in from other States. This idea is erroneous. The express companies have issued bulletins to their agents directing them to examine all suspicious looking packages and to inquire of the shipper what they contain. If he refuse to answer the package is not to be forwarded for transportation. These companies recognize that it is a violation of law to carry whiskey into any prohibition territory of Kentucky, whether shipped from another point in Kentucky or from another State.

This question has already been passed on by the Court of Appeals. Whiskey was sent by express from Cincinnati in the State of Ohio, to London, in Laurel County, Kentucky, and for the offense the express company was apprehended and fined \$50, the judgment being affirmed on appeal. Companies transporting whiskey from another State and delivering in prohibitory territory in this State are as amenable to the law as if the goods had been shipped from point to point within this State.

There was some talk of testing the constitutionality of the law, and not the title. It has been understood that the companies and they have decided to observe the law and have issued circular instructions to their agents to that effect. These instructions direct that the agent shall follow the law to the letter, which means that no more whiskey will be shipped to the local option territory of Kentucky.

The jobbers have heretofore done an annual business in the jug trade of from \$25,000 to \$50,000 in local option counties, but the recent law operates to put an end to all such unlawful sales.

New Tax Rate.

The following statement of the new revenue law concerning the chances from the old law are not without interest to taxpayers.

The new revenue law makes every one who takes an annual permit a 6 per cent penalty is added on that date and the amount draws 6 per cent interest daily. All delinquent taxes must be returned by the sheriff by November 15 to the county court clerk, a month earlier under the new law. The new assessment tax will stand each and places it in the hands of the sheriff, who has to return the same within sixty days, provided he does not make the mistake.

The sheriff, under the new law, has to account for all interest and penalties the same as for other taxes, and keeps a record of the amount of the same as well as of taxes he collects, balance his books monthly and turn them over to his auditor in time, and for failure to do so, or for other offense, a fine of from \$100 to \$200 attaches.

The sheriff will have some knowledge of bookkeeping by the end of the term if he complies with the new law.

The law also imposes quite a bit of extra work on the county clerk relative to the collection of taxes, and all of which expenses and costs of his has to be collected by the sheriff from the delinquent taxpayers and paid to him, and a minute record of it must all be kept by the clerk.

"MIKADO"—Japan's Finest Goods.

WHAT ARE "MIKADO" GOODS

Up to Date Women Wear Them
Up to Date Stores Sell them

A marvel of the age is the exquisite hand-embroidery and drawn-work executed by the Japanese. No woman feels content unless she has in her possession at least some of the Japanese needle-work.

There are things to wear and things to use in the home, and it's a question which is the most tempting.

Perhaps the extraordinary low prices are even more wonderful than the work itself, especially when one considers what a length of tedious, skillful labor is required to produce each separate piece.

Take a Peep At Quaint Japan

100,000 MOTHERS

Daily Tell Other Mothers

That Cuticura Soap is the best baby soap in the world for cleansing and purifying the skin, and that Cuticura Ointment is of priceless value for soothing, healing itching, irritating, and allaying eruptions. A single application of Cuticura Ointment, preceded by a warm bath with Cuticura Soap, instantly relieves the suffering for skin eruptions, babies and rats for tired mothers. Bathe the affected parts with hot water and Cuticura Soap, to cleanse the surface of eruptions and the often thickened cuticle; dry without hard rubbing, and apply Cuticura Ointment freely, to allay itching and inflammation. Cuticura Soap, Ointment, and Pills are sold throughout the United States. For further information, address Cuticura Soap, Ointment, and Pills, 200 Broadway, New York City.

NEW REVENUE LAW

Goes into Effect June 11.—New Business that falls Under the Law.

"THE BEE" prints the following for the benefit of its many readers and gives the amount of Licenses that will be charged for each business. These laws were passed at the recent session of the Legislature and go into effect June 11. Following is the list.

Auctioneers \$5; bill posters \$10; cane racks \$5; commercial agencies \$100; exhibitions, not devoted entirely to religious benevolent, or educational purposes and not in a licensed hall, \$5; feather renovators \$10; furniture dealers \$20; hair lines \$10; ice factories \$15; laundry services \$10; paint medecine, every rounds \$10; patent medicine, except merchants or druggists located in New York; photograph galleries \$5; restaurants \$5; real estate agents \$10; sewing machine agents \$10; shooting galleries \$5; soda fountains \$25; picture enlargers \$5; vendor of spectacles and jewelry \$10; transient vendors of stoves and ranges \$20; skating rinks, where fees are charged \$5.

MAJ. CASTILLO AT NEW BASE

Latest Developments in the Guatemalan Revolution----Maj. Castillo Forced to Retire After Capturing City of Ocos.

He is Expecting Reinforcements of Several Hundred Good Men From the Steamer Empire City---Gen. Barillas Advancing on Quetzaltenango.

THE WIRES HAVE BEEN CUT

The Revolution Is Said to Be the Most Widely Spread of Any in the History of Guatemala and Is Popular With Foreign Element and Best Native.

Mexico City, May 29.—Maj. Castillo, commanding one detachment of Guatemalan revolutionaries, after taking the city of Ocos, was forced to retire before superior forces. Castillo is now reported to have taken a new base, and will be reinforced by several hundred good men from the steamer Empire City. Gen. Barillas is in the mountains making his way to Quetzaltenango. Barillas has with him a fine body of picked men and is reported to be steadily recruiting his force.

No news has been received here from Salvado, but the invasion of that country by this time was well advanced into Guatemala. Resident Guatemalans state that the whole country is ripe for the overthrow of Cabrera. The season of rains has set in and the roads are bad in Guatemala. Telegraphic communication is difficult owing to the cutting of wires by the Guatemalan side.

News of the Guatemalan frontier will be somewhat interrupted owing to the revolutionaries having cut the wires, but messengers on horseback will be despatched from Ocos, where Maj. Castillo has his headquarters, to Guatemala City. Gen. Barillas who is pushing on to the important city of Quetzaltenango, with 40,000 inhabitants. That city is likely to be occupied by Gen. Barillas Wednesday or Thursday of this week. He is immensely popular in that town.

The revolution is the most widely spread of any in the history of that country. Foreign planters have been waiting for months for Gen. Barillas to act. Practically all foreign interests and most of the best natives support the revolution. Foreign because of power is charged against the government.

Chain Revolution Crushed.

Panama, May 30.—The following dispatch has been received here:

"Guatemala, May 29, 9:12 a.m.—Revolution started, but already crushed."

(Signed) "ESTRADA CABRERA." Gen. Cabrera is the president of Guatemala.

BISHOP HENRY C. POTTER IN BRILLIANT COMPANY

London, May 30.—Gen. Lord Roberts presided at a dinner, last night at the Savoy Hotel, in honor of Rev. Henry Codman Potter, Protestant Episcopal bishop of New York. There were 150 guests, including the archbishop of Canterbury, the archdeacon of London, Archdeacon Wilberforce, the earl of Malmesbury, Sir Thomas Lipson, Lord Bishop of Lincoln, Lord Stratford, Lord Farquhar, Gen. Sir Edward Ely, Gen. Sir Edward Stedman, Major Gen. H. D. Hutchinson, Admiral Sir William Kennedy, the earl of Derby, David J. Hill, United States minister to France, Andrew Carnegie, Don M. Dickinson, Vice Consul of the U.S., Lord Roberts. In toasting King Edward and President Roosevelt, said they were the two rulers of English-speaking peoples upon whom the maintenance of the world's peace mainly depended.

TOLD JEROME EVERYTHING

Madam Life's Former Legislative Agent Tells How Company Funds Were Diverted.

New York, May 30.—Andrew C. Jackson, Madam Life's former legislative agent and superintendent of apotropaics, was a witness before the special grand jury which is investigating the insurance cases. Fields made a clean breast of the scandal in the Mutual's supply department, telling District Attorney Jerome everything that he deserved to know. Fields admitted that at least three officers of the Mutual Life under the old regime, and possibly two trustees, are implicated in what took place in the supply department. Mr. Jerome had established the fact that probably \$100,000 a year had been diverted through the padded-hill system of the supply department.

A Kilkenny Cat Fight.

Nashville, Tenn., May 30.—The famed Kilkenny cats were peaceful animals as compared with the political cats that had been in the Democratic state convention here, Tuesday, to select candidates for governor and railroad commissioners. They didn't even get as far as temporary organization.

DARK CLOUD HANGS OER RUSSIAN EMPIRE

IMPERIAL NEGATIVE TO CHURCHILED HOPES OF THE DOWMA.

The Constitutional Democrats Answer That It is the Representatives of the People Who Must Decide What is Best for the Welfare of the Country.

St. Petersburg, May 27.—Before a house more crowded than on the open day with every member in it, Prince Gorchakov, Minister of Foreign Affairs, read to the lower house of parliament the expected declaration of the government's policy pronouncing the imperial negative on the most cherished hope and plans of the people's representatives.

President Mourouzis called the session to order and, without waiting for further preliminaries, Premier Gorekin mounted to the tribune and began reading the governmental declarations.

The members sat stolidly silent, and

howled to the assembly, not a murmur of approval was heard throughout the house, where the pages immediately began to distribute printed copies of the speech.

Burning Words.

A Russian who seemed to follow, when M. Roditchef, the leader of the constitutional democrats, mounted the rostrum to reject in behalf of his party the government's reply. With burning words flung down the gauntlet to the government.

M. Roditchef turned toward the benches occupied by the ministry, and, with arms outstretched, menacingly declared that "IT IS NOT THE GOVERNMENT, BUT THE REPRESENTATIVES OF THE PEOPLE WHO MUST DECIDE WHAT IS BEST FOR THE WELFARE OF THE COUNTRY." The members were wild with enthusiasm.

Bold Demand.

M. Roditchef concluded with a demand for the retirement of the bureau cabinet and the creation of a responsible cabinet.

When M. Roditchef ended the members sprang to their feet and for three minutes wildly cheered him and his speech.

Grave News.

Grave news come from the provinces. Instead of acting as a sedative the assembling of parliament has been marked by an alarming increase in revolutionary agitation and terrorist activity on the one hand and of Black Hundred activity on the other.

The extremes of both sides are thus displayed in the capitalistic camps, and both are armful as if preparing for an inevitable civil war.

BOMB THROWS AT WORK.

Eleven Persons Killed and Several Wounded at Sebastopol.

Sebastopol, May 29.—A bomb was thrown here Sunday while a review of troops was being held after the death in celebration of the anniversary of the emperor's coronation.

Eleven persons were killed and seven wounded. Among the wounded were the commander of the fortress, Gen. Nequinoff, who tried slight hurts to the chief of police, who was gravely injured.

A Young Executioner.

St. Petersburg, May 28.—M. Shataloff, warden of the city prison here, was shot four times, Sunday, and mortally wounded. The assassin, who was about 20 years of age, was executing a social revolutionist sentence in revenge for Shataloff's bad treatment of political prisoners. The assassin, whose name is Skutlin, killed a beggar who tried to stop him, but afterwards was arrested.

NINE KILLED IN RAILROAD WRECK.

Louisville, Ky., May 28.—Nine persons were killed and twelve or fifteen injured in a wreck on the Louisville & Nashville here Monday.

The train was backing into the station when a fence on one of the forward trucks of the smoke broke and derailed the car, throwing it into a string of freight cars.

BRYANS REFUSED SULTAN'S DECORATIONS

Constantinople, May 29.—As a token of his friendly feeling for America the sultan offered to confer decorations upon William J. Bryan and Mrs. Bryan, but both gratefully and politely declined the proffered honor.

ALFONSO MEETS EMA.

Bordeaux, May 25.—A meeting between King Alfonso and Princess Ema, the future queen of Spain, occurred with absolute privacy at Angoulême. They traveled to Madrid, where the royal wedding is set for Tuesday, followed by a week of festivities.

PUBLICITY OF CAMPAIGN EXPENSES.

Washington, May 29.—The house committee on elections of president, vice-president and members of congress has authorized a favorable report on the bill of Representative Gilmore, providing for publicity regarding election expenses.

MR. JUSTICE BROWN RETIRED.

Washington, May 29.—Official announcement of the retirement of Justice Brown was made by Chief Justice Fuller before the adjournment for the term of the United States supreme court.

LOCOMOTIVE BLASTS

Puffs of an Engine.

The train was starting. The puffs of the locomotive, at first slow, grew faster and faster, and finally seemed to cease in the final roar of the train.

"It is the emission of the waste steam from the chimney that causes the locomotive's puffing, coughing sound," said an engineer. "As the train's speed increases the puffs increase in rapidity, and when ten a second are emitted the ear can distinguish them separately any longer—it hears them as a continuous roar. A good many people, on this account, think a locomotive only puffs at starting. Really, she puffs all the time, only the puffs are too rapid to be recognizable. A train going a mile a minute gives twenty puffs per second."—New York Press.

Paducah, Ky., May 28.—It is announced that the Illinois Central has granted it its dispatching force, the system over a ten days' annual vacation with full pay.

The announcement will come as a pleasant surprise. The first man in this territory to take

the vacation is A. J. Jorgenson, a dispatcher of the Fulton district. This comes as a high compliment in recognition of service.

Passenger service will begin on the Kentucky Valley Railroad next Sunday, arrangements having been made by the management to inaugurate this service there. Connections will be made with the Illinois Central at Blackford. Excursion trains will be run from Providence every Sunday at a one fare rate for the round trip after the inauguration of the service.

Brakeman C. G. Delbridge was bruised near Nortownton Tuesday morning by falling from the running board of the engine of train No. 32 northbound. He was brought to this place and given medical attention. His injuries are not serious and he will be able to resume duty in a few days.

Five double headers were sent north from this place Saturday night, besides several other trains, which were not loaded with traffic that would require more than one engine to handle the train. This is another evidence that business is still good on the Henders division.

The two north end gang crews, which have been handling trains from this place to Howell,

were changed off this run last week. All crews arriving here will run north or south as the call may be.

W. S. Matthews, baggageman on the Evansville-Providence accommodation, in charge of Conductor Harry Bramwell, has resumed duty after a week's rest. Conductor O. C. Cansler is in charge of the north end coal train vice Conductor McDowell.

Steve Mothershead, clerk of Evansville, spent Sunday with his parents in the city.

Engineer Willie Dock Standard was on the interurban train Friday during the absence of Patrick Whalen.

Fireman Crutcher, of south local freight run, spent Sunday and Monday with his family in Nashville.

A colored excursion was run from Hopkinsville to Louisville Sunday and was well patronized.

Conductor Dorris, of the south local freight, has been transferred to chain gang service.

Engineer Hamilton O'Brien, of Henderson, visited relatives here last week.

Elbert Drake is firing for Engineer Leonard Huff on switch engine 512.

Chas. Egloff has accepted a position as caller at the round house.

Leo Herb is now firing on switch engine 2008.

Arrested at Providence.

W. B. Barnes, formerly of Hecla, was arrested at Providence yesterday by City Marshal Sessions of that city, charged with theft. It seems that Barnes had sold a watch to Evert Gibbons at Providence. It turned out that the watch was one stolen from W. G. Bartier, of this place, some time ago. Barnes was placed in jail at Madisonville to await trial, at which he will have to explain how he came into possession of the watch. Barnes' reputation in the past has to say the least been unsavory.

JOEY'S HONEY and TAN
heals, tones and stops the cough

Record Breaker.

The St. Charles coal mine of the St. Louis group of mines, smashed its previous record Monday by loading 1,411 railcars and coal cars containing 1,676 tons of coal and left 100 tons on the mine tracks at 4:30 p.m. on account of no cars to load with coal. The record breaking run knocks all previous runs made by any mine in Western Kentucky into smithereens and makes St. Charles the banner mine in this coal field.

and actual rotting away of the bones and flesh result frequently from lack of attention to the proper cleansing of the blood when it is a little out of order.

It has been proven to remove the shadow of a doubt that Feorg's Remedy will cure Specific Blood Poison—the king of all blood diseases. Therefore why fool with anything but this wonderful remedy if you have any of the mild forms of poisoned blood; such as Scrofula, Eruptions, Pimpla, Catarrh, Rheumatism, Salt Blains or Eczema?

FOERG'S REMEDY
IS A SAFE REMEDY

Containing no mercury or other injurious substances; it is an entirely vegetable product and is composed of some of the best and rarest drugs known to man.

Because of their expensive and rare nature, they are very seldom used by the practical physician.

The formula from which Feorg's Remedy is made is the result of many years of study and research by a practical physician, who found it wonderfully successful.

If you are a victim of specific blood poisoning, or any disease that results from it, you must take Feorg's Remedy.

If you are a victim of chronic rheumatism, you must take Feorg's Remedy.

If you are a victim of scrofula, you must take Feorg's Remedy.

If you are a victim of catarrh, you must take Feorg's Remedy.

If you are a victim of rheumatism, you must take Feorg's Remedy.

If you are a victim of eczema, you must take Feorg's Remedy.

If you are a victim of scrofula, you must take Feorg's Remedy.

If you are a victim of catarrh, you must take Feorg's Remedy.

If you are a victim of rheumatism, you must take Feorg's Remedy.

If you are a victim of eczema, you must take Feorg's Remedy.

If you are a victim of scrofula, you must take Feorg's Remedy.

If you are a victim of catarrh, you must take Feorg's Remedy.

If you are a victim of rheumatism, you must take Feorg's Remedy.

If you are a victim of eczema, you must take Feorg's Remedy.

If you are a victim of scrofula, you must take Feorg's Remedy.

If you are a victim of catarrh, you must take Feorg's Remedy.

If you are a victim of rheumatism, you must take Feorg's Remedy.

If you are a victim of eczema, you must take Feorg's Remedy.

If you are a victim of scrofula, you must take Feorg's Remedy.

If you are a victim of catarrh, you must take Feorg's Remedy.

If you are a victim of rheumatism, you must take Feorg's Remedy.

If you are a victim of eczema, you must take Feorg's Remedy.

If you are a victim of scrofula, you must take Feorg's Remedy.

If you are a victim of catarrh, you must take Feorg's Remedy.

If you are a victim of rheumatism, you must take Feorg's Remedy.

If you are a victim of eczema, you must take Feorg's Remedy.

If you are a victim of scrofula, you must take Feorg's Remedy.

If you are a victim of catarrh, you must take Feorg's Remedy.

If you are a victim of rheumatism, you must take Feorg's Remedy.

If you are a victim of eczema, you must take Feorg's Remedy.

If you are a victim of scrofula, you must take Feorg's Remedy.

If you are a victim of catarrh, you must take Feorg's Remedy.

If you are a victim of rheumatism, you must take Feorg's Remedy.

If you are a victim of eczema, you must take Feorg's Remedy.

If you are a victim of scrofula, you must take Feorg's Remedy.

If you are a victim of catarrh, you must take Feorg's Remedy.

If you are a victim of rheumatism, you must take Feorg's Remedy.

If you are a victim of eczema, you must take Feorg's Remedy.

If you are a victim of scrofula, you must take Feorg's Remedy.

If you are a victim of catarrh, you must take Feorg's Remedy.

If you are a victim of rheumatism, you must take Feorg's Remedy.

MINING NOTES.

Silicate Mine Discovered.
Silicate has been discovered in Washington county. Over 1,000 acres near Willsburg has been found to contain a deposit of silicate in large quantities. Several tests have been made by competent authorities and all show it to be first class oxide of silicon. If developed thoroughly it would make a large fortune and land is being held at \$1,000 an acre.

There are very few silicate mines in the United States, and this fact lends double value to the discovery. The exact value of the deposit has been found for three years, but the people of the community found it out when experts from Louisville sent a man this spring to buy it.

Last week Representative W. D. Claybrook took sample of the earth to the State geologist, but was not able to obtain an analysis before his return home.—Springfield Sun.

Deputy U. S. Marshal L. P. Bennett returned from Sturgis Monday morning where he served injunction notices on twenty-two union miners, says the Owensboro Inquirer. All who had been named in the injunction proceedings could not be found but a sufficient number was served. Marshal Bennett stated that he did not think there would be any further trouble. He said only nonunion men were at work but it was not expected that they would be interfere with the union men still in or around Sturgis.

The mining property of W. B. Hesse, near Wheatcroft, has been leased by C. B. Jenkins, of Princeton. This mine was opened about three years ago and has been operated as a country mine until the building of the Kentucky Valley road. It is a slope and contains a fine vein of No. 9 coal.

The Chicago Coal Co., for whom Richard Palmer has been prospecting, paid Bush Alexander, of Dawson, \$50 an acre for 120 acres lying east of that place. A shaft will be sunk and developments begun as soon as possible.

Henry Lawson, of this place, has accepted employment with the Reinecke Coal Co., and moved his family to Madisonville last week.

Tine Ashby, who has been on the sick list for the past two weeks, is slowly improving.

Lee Peyton, of the Barnsley mine, has been transferred to Beck mine.

Foley's Honey and Tea
for children safe sure. No opiate.

DAVIS WELL ITEMS.

Many friends of Elmer L. H. Teel in this vicinity are glad to hear that he and family escaped serious harm from the great San Francisco disaster.

Mrs. J. L. Todd and daughter, Miss Mary, of this neighborhood, and Mrs. S. L. Todd and little daughter, Anna Agnes, of near Madisonville, visited friends at Oak Hill this week.

It is expected that the Nibset-Pritchett reunion will take place at Grapevine some time during home coming time. Quite a number in the county as well as several in distant states are interested in that meeting.

W. M. Madison of the Anton country had the misfortune to lose his home and all his possessions in it. It broke out in a wardrobe. There is no known way for it to have got started except by rats or matched sticks. It came from the basement up through the floor.

The County Sunday School Convention will be held at Liberty church the first of the month. Let everybody come with well filled pockets, as there will be good time and be benefited. An interesting program will be arranged for the occasion.

The drought which prevails now is becoming alarming. A great deal of ground has been broken and suffered to lay there and dry out so that it can't be gotten in to plant until it rains. Some planted very little in some cases.

Some of the farmers in this community are so bent on getting out a crop of tobacco that they are undertaking to make a season by carrying water in wagons to the places where they set them out. Others think that a bigger job than they can contract for.

Mr. Leon Prather of near Slanterville, committed suicide a few days ago by shooting himself with a double-barrel shotgun. He was the father of Mrs. Madeline Clark, wife of Mr. John Slator, a farmer near here. Disposition caused by ill health is thought to be the cause of the rash act.

FOR GIVING REBATES

Freight Broker and Clerk Found Guilty.

Kansas City, Mo., May 26.—George L. Crosby, a freight broker, and L. B. Taggart, a freight clerk, for Thomas, in the United States district court here, were found guilty of the charge of conspiracy to illegally give rebates to shippers. The jury considered the case only thirty minutes before arriving at its verdict. Attorneys for the defendants will file motions for new trials. The court will not pronounce sentence against Thomas and Taggart until the motion for a new trial is disposed of.

Crosby Discharged.

George H. Crosby, general freight broker for the Burlington railroad, on trial on the same charge as Crosby, was discharged, the court sustaining a demurrer alleging that no evidence had been presented to connect Crosby with a conspiracy. This indictment charged that Crosby had conspired with George L. Thomas, a freight broker, and L. B. Taggart, his clerk, to break rebates to certain persons.

The Penalty.

Thomas and Taggart live in New York, and Taggart, who has been present in court only in the person of his counsel, is said to be worth \$100,000. His bond of \$5,000 each, and the court allowed the bonds to continue in force until sentence is imposed. The section of the Revised Statutes under which Thomas and Taggart are convicted provides that their punishment shall be imprisonment for not less than \$1,000, or more than \$10,000, or imprisonment in the penitentiary for not more than two years, or both fine and imprisonment at the discretion of the court.

MUST LEAVE THE SENATE

Convicted Senator Given a Few Days in Which to Think It Over.

Washington, May 27.—Unless Senator Joseph R. Burton, of Kansas, who has been convicted of a crime, and has been sentenced to a term of imprisonment and to pay a fine, resigns his seat in the senate within a few days, action will be taken to have him expelled from the body. Notice to that effect will be served on Burton by members of the committee on privileges and elections which has conducted his trial. He will have until next Friday to make his mind. On that day the committee will meet, with the intention of reporting a resolution of expulsion if Burton does not get out.

Burton's proposal to Senator Burton, chairman of the committee, that provided no action was taken on his case in the meantime, Burton would resign his seat if the supreme court de-

cides the application for a rehearing of the case, was brought to the committee's attention, but was immediately rejected.

It develops that senators who have

talked with President Roosevelt indicated to senators that in his opinion Senator Burton should immediately resign or be expelled.

A BILLION DOLLAR COAL TRUST NEXT

New York, May 26.—Anticipating and discounting the effects of the railroad rate bill, which demands a separation of the railroad and the coal interests, J. Pierpont Morgan, so Wall street learns, has been entrusted with the organization of a gigantic coal combine, with a capital of \$1,000,000,000, outrivalling even the steel trust in the merging of industrial interests. Mr. Morgan is now in Europe, where he has been very successful at times in his great financial ventures, and it was reported that he would return to America to delay his return to this country until the ground-work for floating the stock agitated to Europe is completed.

QUAKES DESTROY MONGOLIAN CITY

Victoria, B. C., May 26.—The Chinese mail brings news of an earthquake, causing a great loss of life and damage to property, which occurred early in May in Uniauk, in Mongolia.

Several feet wide and caused

by the earthquake, the walled city of Uniauk was almost completely de-

stroyed; the loss of life being very heavy. Shocks are also reported from Fo Kien province in China, the most disastrous being at Chuen, in Chou prefecture, where many buildings were destroyed.

SENECA AMENDMENTS SENT TO CONFERENCE

Washington, May 26.—The house sent all the amendments to the railroad rate bill to a conference. The vote providing for this step was 44 to 105.

TORNADO IN NEBRASKA AND IOWA.

Oakland, Neb., May 26.—A tornado passed over the west side of Oakland during the afternoon, doing considerable damage. Several houses were lost. It struck the town of White Oak, Ia., destroying a house and barn and on the same spot a house was wrecked by a storm three years ago.

Mexico Explains.

Washington, May 26.—The Mexican government's reply to the American inquiry in the seizure of American fishing schooners has been received. It shows that the ships were in Mexican waters in violation of the Mexican laws.

lie which such a policy will in the end afford from the sugar bill, which now weighs so heavily, is one of the main incentives of the people of the mountain republic in taking up this matter. Then, too, Switzerland feels that something of this sort is due her from the United States, for it was through the investigations of the State Department a few years ago that the process of manufacturing sugar of milk was introduced into this country from Switzerland, thus eventually depriving her in part of one of her markets.

The completion of the big battleship Louisiana this week by a private shipbuilding concern, which for two years has engaged in a race with the government, that has under construction the battleship Connecticut, has furnished an argument of which those Congressmen in favor of digging the Panama Canal by contract are not slow to avail themselves. The two big fighting ships are of the same type, but, though the Louisiana is launched and on her way to Norfolk, the government still is struggling with the Connecticut. The red tape that hambers all government work has retarded the building. The same red tape, it is contended, is certain to hamper the work of digging the ditch across the isthmus. There is a growing sentiment in Congress that private enterprise should be left to do the work, under competent government direction. Senator Kittridge is heartily in favor of this plan.

Among the callers at the White House this week was Captain Apfeld, the commander of the ill-fated steamer *Maeblund* which sank in the Irish channel recently. Because of Captain Apfeld's heroism, 216 of the 218 passengers and the entire crew of 85 men were saved. Practically every monarch of Europe conferred decorations and orders on this quarter-deck hero, when he arrived in New York, when he arrived in New York recently President Roosevelt invited him to lunch at the White House. The invitation was accepted this week.

Great Auction Sale

OF

Valuable Town Lots

BIG DEAL IN RAILROADS.

Souther Buys Queen & Crescent Route.

A special from Nashville, Tenn., says: According to information obtained here today through a high railroad official, the Southern has practically completed a deal by which it passes over the passenger lines of the city of Cincinnati in the Cincinnati Southern railway, dis-solves the Cincinnati, New Orleans and Texas Pacific Railroad company and merges the prop-erty with the Southern railway proper. This will be done, it is said, by paying the city of Cincinnati cash and bonds for its in-terests and the mere dissolution of the C. N. O. & T. P. company, the latter organization al-ready being owned by the South-ern railway interests.

The deal, it is said, will be in line with President Samuel Spencer's policy to consolidate all the properties in the state of Mississippi refused to allow the Mobile & Ohio to be consolidated with the Southern Mr. Spencer took up the Queen & Crescent matter. What has hurried the matter is the fact that the company has found it necessary to double its track from Cincinnati to Chattanooga, and this plan meets with many obstacles as long as the main stem belongs to Cincinnati. Exten-sions have also been found nec-essary, and these things have brought the plan to early mat-urity.

The Cincinnati Southern is now forming the connection for several of the Southern's lines. The Louisville-St. Louis, the Nashville division and several smaller roads in East Tennessee, as well as the new line being built toward Charleston and Savannah depend upon this line for north and south business. The company has recently issued \$200,000,000 in bonds, and only \$85,000,000 of that amount has been appropriated or apportioned. The remainder, it is said, is reserved to pay for the Cincinnati Southern, build the Savannah and Charleston cut off from Knoxville to Anderson, S. C., and second track from Cincinnati to Chattanooga. Accord-ing to information obtained here, the official announcement of the deal will be made in July.

COST OF PRINTER'S STRIKE.

Already Spent \$600,000 in Eight Hour Day Fight.

In the current issue of the Typographical Journal, the of-ficial publication of the International Typographical Union, there is an accounting of the international receipts and expenses of the strike for an eight hour day, from August 24, 1905, to April 21, 1906.

It shows that the expenditures out of the defense fund for be-nefits and expenses during that time were \$612,277.64 and that the receipts for the same period were \$609,109.30.

The complete summary for the period from August 24, in addition to the money received for the de-fense fund, there were received the following sums:

Editorial fund, \$23,951.22; gen-eral fund, \$23,015.83; home fund, \$36,069.60; Typographical Jour-nal fund, \$19,804.28; special de-fense fund, \$17,089.06; Cum-mings memorial fund, \$888.11.

If this craze for big boats keeps on growing the inhabitants of Mars will look over this way and wonder which is the boat and which is the earth.

This far no man who has made an "audience" of question marks in giving the "views" of the pres-ident has committed the blunder a second time.

Was Wasting Away.

"I had been troubled with kidney disease for the last five years," writes Robert R. Watts, of Salem, Mo. "I lost flesh and never felt well and became weak with leading physicians and tried all remedies suggested without relief. Finally I tried Foley's Kidney Cure and less than two months later I am perfectly well. I am now sound and well." During the summer kidney irregu-larities are often caused by excessive drinking of beer, wine, or beer. Sold by Dr. Jno. X. Taylor.

As a further proof of volcanic disturbances through the Dismal swamp and along territory con-tiguous to Lake Erie, it is re-ported that the Jericho canal has not been waterless for many years, had gone dry. Jericho canal is a feeder for the lake and its dryness will mean a subsiding of the lake.

They seek in vain for power who fear all pain.
